## **DETAILED ACTION**

### ***Election/Restrictions***

1. Applicant's election without traverse of Group I, claims 1-12 in the reply filed on June 13, 2006 is acknowledged.

### ***Oath/Declaration***

2. The oath or declaration is defective. A new oath or declaration in compliance with 37 CFR 1.67(a) identifying this application by application number and filing date is required. See MPEP §§ 602.01 and 602.02.

The oath or declaration is defective because the inventor, Helin Dong, changes his address without an initial while the inventor, Mohsen Shirazi, changes his first name without an initial. See 37 CFR 1.52(c).

### ***Specification***

3. The disclosure is objected to because of the following informality: page 24, first paragraph describes Attorney Docket 3569.1 (filed on December 11, 2003). Applicant is required to provide an application No. for this application.

Appropriate correction is required.

### ***Claim Rejections - 35 USC § 112***

4. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

5. Claims 1-11 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

6. Claim 1 recites the limitation “the transporter and liquid handling system” in the claim. There is insufficient antecedent basis for this limitation in the claim because there is no phrase “a transporter and a liquid handling system” before “the transporter and liquid handling system”. Please clarify.

7. Claim 5 recites the limitation “the microarray substrate” in the claim. There is insufficient antecedent basis for this limitation in the claim because there is no phrase “microarray substrate” in claims 1-4. Please clarify.

### ***Conclusion***

8. No claim is allowed.
